

First International Conference Artificial Intelligence in Engineering and Science – AIES-2022

November 15-16, 2022

Call for Papers

We would like to invite researchers, academics to take part in the First International Conference Artificial Intelligence in Engineering and Science – AIES-2022!

The aim of AIES-2022 is to bring together researchers involved in the theory of computational intelligence, knowledge engineering, methods of artificial intelligence, fuzzy systems, soft computing, machine learning and related areas and AI applications in engineering, bioinformatics, industry, medicine, radio engineering, energy, medicine and other areas.

The First international conference Artificial Intelligence in Engineering and Science – AIES-2022 will combine our experience of the famous two international conferences:

- The International Conference: Information and Communication Technologies for Research and Industry (ICIT)
- The international scientific-practical conference Fuzzy Technologies in the Industry (FTI).

Due to the COVID-19 restrictions the conference will be held in the distributed networking format at:

- Ulyanovsk State Technical University (Russia),
- Yuri Gagarin State Technical University of Saratov (Russia);
- Saratov Medical State University named after V.I. Razumovsky (Russia);
- Al-Farabi Kazakh National University (Kazakhstan).

The Plenary Session will be held at Ulyanovsk State Technical University with participation of the Russian Assoc. of Artificial Intelligence.

The official language: The official language of the AIES-2022 conference is English.

Full paper submission: May 16, 2022. We accept for the peer review full papers only (12-16 pages) in English.

Conference website: <http://aies.ulstu.ru/>

Conference Themes:

The conference topics cover but are not limited to the following areas:

- Artificial intelligence in industry, energy and radio engineering
- Artificial intelligence in medicine and bioengineering
- The study of artificial intelligence
- Smart City Technologies and the Internet of Things
- Cognitive systems, robotics and machine learning
- Computational Linguistics and the Semantic Web
- Fuzzy models and soft calculations
- Image and sound processing, image recognition, computer vision
- Data mining, knowledge engineering and ontology
- Applied intelligent systems

Registration Fee:

When the paper is accepted, the authors are welcome to register for participation and pay the registration fee (see the section Register). Please note that the personal attendance of at least one of the authors is required.

Registration fees and deadlines

Author (single paper presentation)	8 000 ₺/100 EUR – ‘early bird’ payment before September 19, 2022 10 000 ₺/125 EUR – standard payment before November 15, 2020 Includes all conference activities
Co-author (single paper presentation, together with the leading author)	5000 ₺/75 EUR – standard payment before November 15, 2022 Includes all conference activities
Accompanying person	5000 ₺/75 EUR – standard payment before November 15, 2022 Includes all conference activities
Participant	1000 ₺/15 EUR – standard payment before November 15, 2022 Includes access to conference sessions and workshops
Student	Free, includes access to conference sessions and workshops

Important!

The web-resource for the paper submission will be announced before 1st of March 2022. Please, follow the news of the AIES-2022 web-site.

Contacts:

In case you have any questions you can apply to our contact persons:

Ulyanovsk State Technical University	Vadim Moshkin	secretary.aies@gmail.com +7-964 856 58 31
Yuri Gagarin State Technical University of Saratov	Olga Dolinina	olga@sstu.ru +78452 99-89-93
Saratov State Medical University named after V. I. Razumovsky	Alexander Fedonnikov	fedonnikov@mail.ru
Al-Farabi Kazakh National University	Madina Mansurova	mansurova.madina@gmail.com
